Foaling costs and information

Mare:

\$330 incl GST foaling fee.

Mare will receive 3 days of Penicillin post foaling. \$20.00 plus GST.

Injection of Oxytocin after foaling and possibly multiple injections thereafter. \$4.00 plus GST.

Mares are lavaged post foaling with a warm iodine solution plus an injection of Oxytocin. \$15.00 plus GST.

Pre foaling mare vaccinations and information:

Mare should be vaccinated for Tetanus and Strangles during the third trimester of pregnancy. If the mare has not been vaccinated Allandale will give the mare this vaccination.

Mares are recommended to arrive at stud 4 to 6 weeks prior to the due foaling date in order for the mare to build immunity in the colostrum. The time frame for the mare to arrive at Allandale is the purely the owner/contact persons decision.

Foal:

Naval is dressed regularly for 3 days after birth.

An enema is given to foal shortly after birth. \$11.00 plus GST.

Foal is boxed and yarded for a minimum of 3 days after birth.

An IgG test is performed if requested by owner/contact. Allandale will perform an IgG if foal is weak or ill at birth. \$88.00 incl GST.

Vet Contract:

2009 vet contract costs and procedures included and not included yet to be advised.
